

Birkie Gear Bag Program Details

Each Birkie, Korte and Prince Haakon skier is provided a plastic bag at bib pick-up that can be used to hold personal belongings from the start area to the finish area. Now, you can ditch the plastic bag and utilize the Birkie Gear Bag, the official gear bag for Birkie Events.

- The Birkie gear bag is designed to hold all your warm clothes and personal belongings that you will need when you finish your race. It includes a special clear sleeve on the top of the bag for your bib number. Dimensions: 26.5 x 10.5 x 12.5 with backpack straps.
- The \$125 value Birkie gear bag is available only while supplies last and only during the registration process.
- The Birkie gear bag will ONLY be distributed during 2018 Bib Pick-up for participants who've opted to donate \$35 to the ABSF during registration for the Birkie, Korte, and Prince Haakon races (events which currently receive plastic yellow/white drop-off bags).
- The reusable Birkie gear bag is yours to keep and can be used for bag transport at the Birkie events in 2018 and beyond. The bag is valid for use as long as the clear sleeve for your bib number remains functional.
- Your \$35 donation, and use of the Birkie gear bag, will help reduce the amount of waste generated from the event.
- If you opt not to participate in this opportunity, a yellow or white plastic bag will still be available at Bib Pick-up.
- Only the official Birkie Gear Bag or the provided yellow or white plastic bag will be accepted at bag drop-off on race day. No other bags or packs will be accepted for bag transport.
- Thank you for helping the Birkie to go green!
