Go Cup Free
The ABSF is strongly encouraging participants to help make the Birkie Trail Run & Trek a clean race by hydrating with a SoftFlask or other personal hydration vessel. That being said, aid stations will continue to provide disposable cups to ensure hydration of all runners.

Race Course
The ultra is held on a single-loop course starting and finishing at the Birkie Ridge Trailhead, with the exception of the first and last 1.5 miles which are out and back on the Birkie Ridge spur trail.

- From the start to mile 6, the ultra utilizes the marathon course.
- From this point it crosses County Highway OO and continues south utilizing the Birkie Trail, Makwa Trail, Hatchery Creek Trail, as well as a two-mile section on Phipps Fire Road and an ATV trail to Hatchery Creek Park, at the southern end of the course.
- From Hatchery, it turns back north on the Hatchery, Makwa and Birkie Trails for a total round trip of 30 miles back to Highway 00.
- Then, it rejoins the marathon course for 10-miles and branches off utilizing the Ojibwa Trail to the northern end of the course at the Birkie Trailhead.
- From there it heads back toward the south on the Birkie skate and classic trails to rejoin the marathon course where it left off, making a 6-mile loop.
- Then, it returns to the marathon course for the final 10 miles back to Birkie Ridge Trailhead.

Total Ultra Course Distance: 62.1 miles
Course Marking and Signs
Ultra-marathon runners will follow purple arrows and signs located throughout the race course. The ultra-course will be fully marked by Friday, September 30, with purple directional arrows and barrier tape. The post-sunset sections of the course will be marked with green glow sticks to aid you along your way. Because the Birkie Trail Run & Trek shares common trails for all events, at various times you’ll see unique, color-coded signs specific to the other races happening on race day. In addition to the purple ultra-marathon signs, you will also see red, yellow, pink, and green markers on portions of the ultra-course route. Please follow the purple signs and arrows.

Arrows confirm direction

Mile Markers count-down each 5 miles to the finish.

Aid Stations
Each aid station will be supplied with water, Nuun Hydration, Coke, GU energy gels, fruit, cookies, salty snacks, and peanut butter and jelly sandwiches. Grilled cheese sandwiches and soup will be available at stations 8, 9, 10, and 11. There are toilets and basic medical care available at each aid station. Please note that there is a 9-mile segment between the Gravel Pit and Boedecker aid stations when runners are heading north, plan accordingly.

Runners must check in at each aid station.

Additional aid station information is in the Ultra Details and Directions document that will be emailed to you.

Drop Bags
Runners may have drop bags transported to aid stations. All drop bags must have the runner’s name and the name of the aid station clearly marked on them. Large sturdy plastic bags will be supplied at the pre-race briefing on Friday evening or you may drop your own bags at that time. Do not bring drop bags to the start in the morning. Drop bags may be picked up by crew members at the aid stations. Any bags not picked up at aid stations will be transported back to the finish area at Birkie Ridge.
Cut-Off Times
Participants will not be allowed to continue on the course past the cut-off times noted below and must reach the finish by 11:00pm to be considered an official finisher. Transport back to Birkie Ridge will be provided for those not making the cut-off times. Please review the chart below illustrating aid station locations and associated cut-off times.
