The immediate and universal acceptance by racers and skiers of all abilities made the Salomon Nordic System the boot/binding system of the future. Now Salomon introduces the SR901 Equipe with the patented Internal Fit System, the most innovative fit concept available today, combining perfect heel-hold with forefoot freedom. This System wraps around the instep, pulling the heel back in the heel pocket, eliminating rubbing and blisters, while leaving the forefoot free and unrestricted. It is this forefoot freedom that allows the foot to spread under pressure for a more stable platform and the toes to contract for the most explosive kick possible.

The AMERICAN BIRKEBEINER SKI FOUNDATION, INC. was formed on November 5, 1984 to insure the future of North America's largest and most popular citizen's cross country ski race. A group of concerned business and professional persons volunteered their time and resources for a common goal: the continuation of a world class ski event for the benefit of the thousands of citizen skiers who would participate and their hosts in the Hayward/Cable area.

The future of the AMERICAN BIRKEBEINER race had been in doubt since May 17, when Judge William Frawley ruled that Telemark Enterprises be liquidated under Chapter 7 of the bankruptcy code. For six months, controversy over the ownership of the race, trail rights and international sanctions created a confused picture of Birkebeiner 1985. Efforts to bring the opposing parties together proved futile. Plans were made to hold two races or to move the race to another area. It appeared that a great asset for the Hayward/Cable area and the skiing world in general would be lost forever.

It was time for community involvement. The AMERICAN BIRKEBEINER SKI FOUNDATION was formed, agreements were made to transfer ownership of the race to the citizens of the Hayward/Cable area, and a staff of volunteers and experienced professionals began intense preparations for February 23, 1985. Positive and significant results came quickly. The Worldloppet League reaffirmed the BIRKEBEINER as the only internationally sanctioned race in the U.S. for 1985. This apparently forced cancellation of a competing race organized in Biwabik, Minnesota. Rights to use public trails and staging areas were obtained. Experienced personnel made plans to handle the myriad of details necessary for a successful race.

After months of confusion, the future of the AMERICAN BIRKEBEINER was now clear. There would be one race and it would be run as the world class event that it had always been. The race would begin in Hayward and end in Cable in 1985, and all future years.

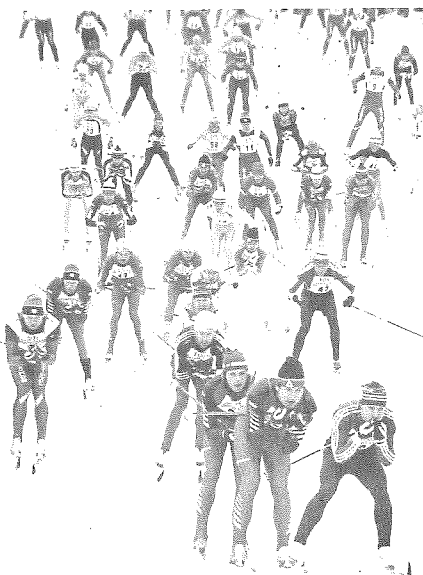

However, to insure the quality of the race and the stability of its future, a massive fund raising drive would be needed. 2,700 skiers had registered for the BIRKEBEINER before Judge Frawley's decision. That money had been used in the operations of Telemark resort and was no longer available for use in running the revitalized BIRKEBEINER. In an outpouring of community spirit, businesses and individuals supported the Foundation with their generous donations.

The one-time investments being made in the BIRKEBEINER will be a down payment on the future. A financially sound race will be self-supporting by 1986 and will pay dividends that will be reinvested in recreational resources in the area.

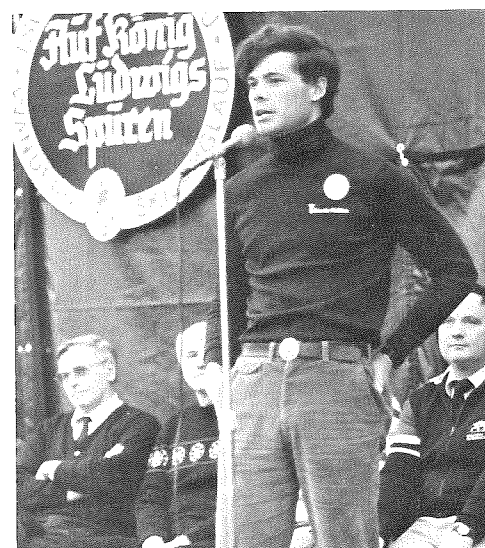

The AMERICAN BIRKEBEINER will continue to be one of the finest winter sporting events in the world!

Kevin Mazzu, president of Blue Sky, was the first to land during opening ceremonies. Mazzu skied the Birkie this year completing the challenge of the Worldloppet circuit. Teammate Michael Emerson from St. Paul made his celebrated 1000th jump for the opening ceremonies of AB XIII.

The first wave including the world's top cross country racers start the charge to the finish line.

Bill Koch received a strong round of applause and a lot of hoot and hollering during the opening ceremonies on Friday as Press Secretary Claudio Chiogna, right, looks on. Koch finished the race with an impressive time, ranking tenth overall in Birkie XIII.

The opening ceremonies join together people from throughout the states and around the world.

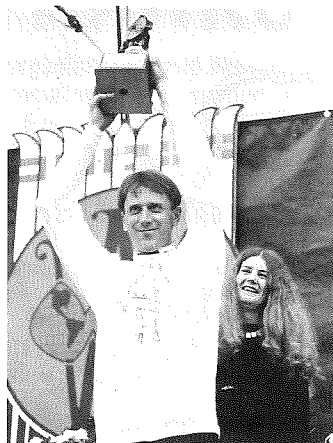

Hot air balloons added to the color of the gala opening ceremonies as spectators watched skydivers float down from the skies above Telemark.

THANKS EVERYONE!

The American Birkebeiner race organization would like to express sincere gratitude to the volunteers, supporters and sponsors of the 13th American Birkebeiner. Without all of your support, dedication and hard work, Birkebeiner XIII would not have been what it was—truly a world class race!! Everyone should be proud of having been part of this great tradition.

SPECIAL THANKS TO THESE SPONSORS:

LOGAN MANUFACTURING COMPANY - Special thanks to LMC, the leader in snow grooming equipment in North America, who transformed an open field into the start of the fourth largest cross country ski race in the world.

LITE BEER FROM MILLER - Thanks to Lite Beer from Miller, which outsells all other light beers combined. Miller and Lite Beer from Miller have long been involved in sports, ranging from the Olympic sponsorship of training centers to the sponsorship of NASTAR, the world's largest skiing program. Lite Beer from Miller has become synonymous with the sporting world.

SWIX SPORT USA - One of our most important sponsors, Swix officials were responsible for official waxing tents and waxing stations, plus posting of pre-race waxing information. Swix Waxing Clinics plus Swix wax reports were heard on all local radio stations.

ROSSIGNOL/SALOMON - Members of the Rossignol/Salomon factory team were on hand all week for special demonstrations of Rossignol equipment, including the Silver 44 ski, along with the new Salomon boot-binding system that has revolutionized boot-binding concepts.

MAX - The official energy and fluid replacement drink of the '85 Great American Ski Chase, and the Rossignol/Salomon Marathon Team. A new product field tested for the past few years by the U.S. Ski Team, and during many grueling marathons, including the Western States and Leadville 100 races. MAX is a product of Coca-Cola Foods, and is a unique hypotonic formula that provides rapid replenishment of fluids and energy to the athletes' muscles.

RAGU SPAGHETTI SAUCE - This year we welcomed the sponsorship of Ragu, who was a part of the very successful annual carbo-load pre-race spaghetti buffet. Home-style spaghetti sauce with all natural ingredients, with no sugar added. "Ragu, That's Italian!"

THE CREAMETTE COMPANY - One of the Birkebeiner traditions that has developed the past few years is the annual Creamette Spaghetti Buffet Friday evening. Thanks again, Creamettes.

4X COMMUNICATIONS - 4X Communications of Menasha, Wisconsin, provided much needed radio support with over 50 GE radios being provided to race officials during the race. Race communications ran very smoothly this year.

KSTP-TV NEWS STAR 5 SATELLITE - Thanks for the state of the art live satellite coverage of American Birkebeiner XIII.

CHIQUITA BRANDS - Back again this year was Chiquita Brand bananas, a popular food item for races. Over 20,500 bananas were given out on the course and at the finish.

SUNKIST/SUPER VALU - Sunkist and Super Valu, based in Minneapolis, were the official supplier of thousands of oranges for this year's race.

HOLSUM BAKERY - Solid food is important as the race draws on, and this season 10,800 powdered-sugar donuts were available at food stations nearing the end of the race.

GAMMEL DANSK - We thank Gammel Dansk for their support of the Birkie. Gammel Dansk is an exciting liqueur and is the most widely enjoyed liqueur in Denmark.

The Facts

If your goal is to increase your fitness and improve your skiing technique, in every phase, from skating to diagonal stride you must consider the lightest, stablest small wheeled three-wheel roller ski available.

The cross-country ski of tomorrow is going to be very light. The magic barrier of under one kilogram per pair has been reached by several manufacturers.

There is only one graphite roller ski in the world. It is 30% lighter than any other available roller ski that has been designed for training and physical fitness. Only with a light roller ski can you achieve the explosive cadence that is seen in the best cross-country skiers in the world today.

In between all those Alps, Switzerland has terrific cross country trails, too.

Combine an alpine experience and cross country skiing in the ultimate getaway—Switzerland. Swissair offers a choice of 6 resorts in the most beautiful vacation destination in the world.

Imagine, over 47 miles of trails in Davos, 90 miles of trails in St. Moritz and the Pontresina area, plus Grindelwald, Gstaad, Engelberg and Crans-Montana. All feature excellent cross country terrain with trails that are clearly marked and tracked—some are even illuminated at night.

Then there are the old villages, the moonlight sleigh rides, the continental cuisine, elegant shops and après ski to fit whatever mood strikes you.

You have a full range of accommodations, too. One week land packages start as low as \$193. Plus a choice of air fares.

And you'll fly the Swissair B747-300, the newest and largest airplane.

Power
You Can Rely On

The perfect sport pole for training or citizen racing, where broken poles in crowded starting areas and demanding terrain are commonplace and make it necessary to have a powerful pole you can trust. Using a super-light aluminum shaft, proven in years of competition, and featuring Swix's new cork handle and basket with offset tip, it is the best cross country pole for those seeking performance with proven reliability at good value.

TRY ROWING

Expert ski coaches agree that rowing is one of the best off-season sports.

"The three best distance workouts are running, rowing, and rollerskiing." -- John Caldwell, **Caldwell on Cross Country**.

"Rowing is becoming more and more popular as a training device for skiers ... (A) biomechanical study comparing rowing and cross-country skiing (found) a great similarity between the physiological demands and muscle usages in the two sports." -- Marty Hall, **One Stride Ahead**.

The Minneapolis Rowing Club invites you to try rowing this spring. We are hosting open houses from noon to 5:00 on March 30 and 31.

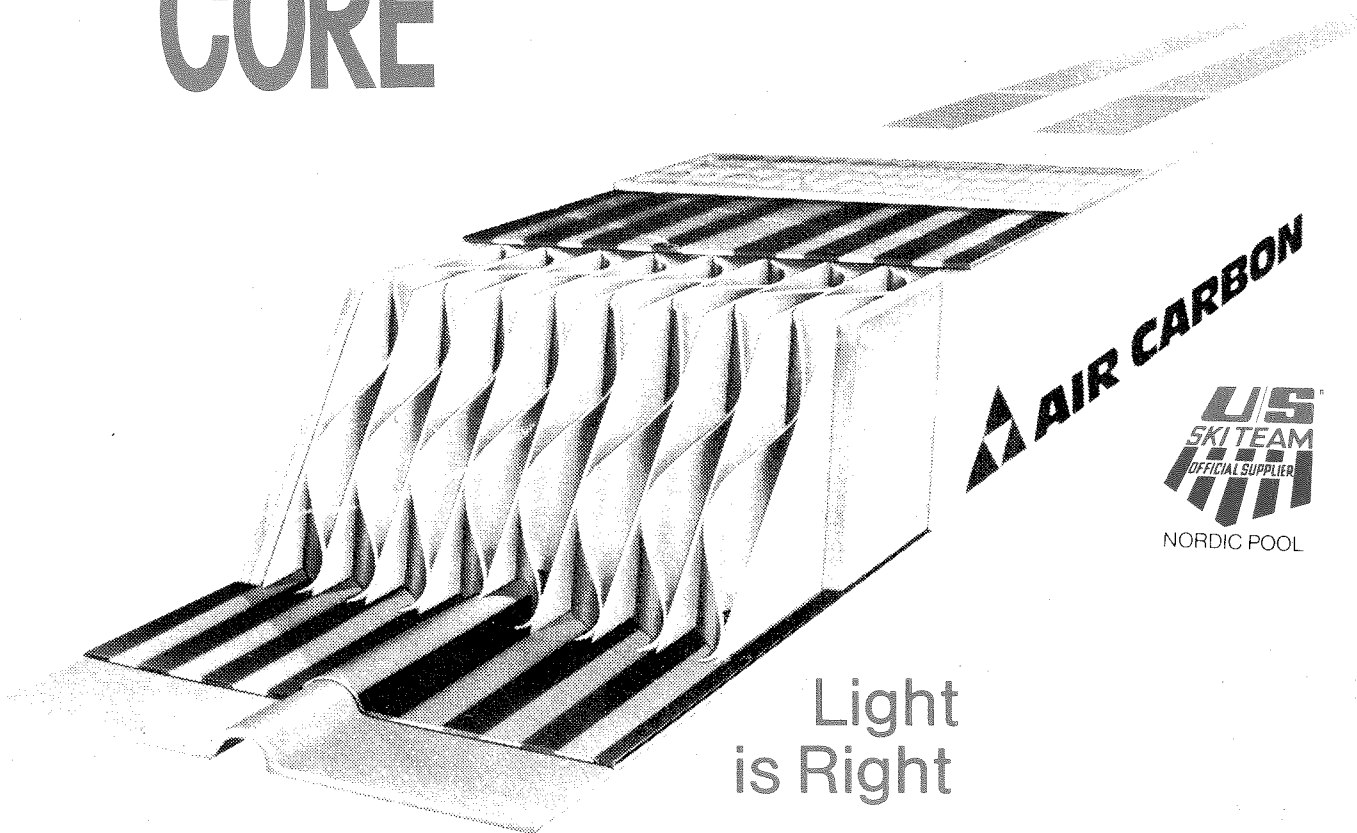

Novice training begins April 8. Novices will be assigned to squads, each of which will row twice a week for four weeks. The cost is \$30.

Join early. The first novice races are May 11. We will peak for regional and national championships in the summer. Skiers often win regional championships their first season.

For further information, write to us at our boathouse at E. Lake St. and W. River Rd., Mpls., MN 55406 or call Paul Ross at 370-0469 or Maureen Fitzgerald at 646-1740.

P.S.--We are also looking for short, light people to steer and command boats.

25 OLYMPIC MEDALS FOR AIR COMPOSITE CORE

Light
is Right

Fischer's Air Composite Core is 80% air, and widely acknowledged as the pinnacle of Cross Country performance.

One of the lightest production Cross Country skis in the world, the RCS Air Carbon is also likely to be the fastest. This is the ski which won a remarkable 25 Olympic medals in Sarajevo!

This unsurpassed combination of lightness with Fischer's proven durability is featured in Racing, light Touring, and Touring skis for 1984/85.

Next time you're in a ski shop, pick a pair up, you'll be amazed at how light they are.
